## A MESSAGE FROM OLYMPIA...

*Since 1978, it has been a pleasure to serve the people of Maine in the U.S. Congress. I have worked on issues that matter most to the our communities - improving health care coverage for all citizens, strengthening our small business sector, expanding our transportation system, protecting our borders, and preserving the pristine environment and coastline. My foremost responsibility - which I take deep pride in - is addressing the concerns of you, my constituents. Without question, it is my greatest honor and privilege to hear from you on issues important to you.*

*As I represent your interests in Washington, I encourage you to contact me at any time with your opinions, suggestions, and concerns. It is only with the open communication of ideas that compromises can be brokered and progress will be made.*

*I look forward to hearing from you as we work together to strengthen the services available for all Mainers and maintain the forward progress of our state.*
